TOTAL: \$12,768.00 CAD

LEAD TIME UPDATE — Important

Current Oxivir Plus production lead time has extended from 5 business days to 21 business days due to global container shortage and supplier reformulation upgrade. We expect normal 5-day lead times to resume by Q3 2026. If urgent, please consider Oxivir Tb (alternative SKU below) which remains at 3-day stock availability.

Alternative — Oxivir Tb (faster availability)

SKU	Pack	Lead	\$/case
100850909	Oxivir Tb, 4x946ml/case	3 days	\$98.50

Recommendation from Diversey

For Erie Shores Healthcare's 6-month requirement, we recommend splitting the order: 40 cases Oxivir Tb (immediate delivery to bridge supply) + 80 cases Oxivir Plus (delivery in 3 weeks). Holloway can coordinate.
